2. Why did you choose an HBCU over a pwi?*

I recently switched from a HBCU to a PWI and back to a HBCU because I felt as though you can't get the true and real experience of college from a pwi.

3. What is the story of your "experience" at Your HBCU given its heralded status as a stellar and prestigious institution?*

My HBCU experience has been a little rocky from losing friends and gaining new ones but also fun when they have different activities going on.

4. "First time" experiences at your HBCU?*

My "first time" experience at my HBCU has to be homecoming. They showed me that it's great to meet new people whether it's alumni or people from different schools. It also showed me that we all have something in common with each other and most of us can be civilized and come together as one.

5. Who are the professors that have impacted your life in and out of the classroom? How did they do that?*

The professors that made a big impact to my life has to be Dr. Rochelle (English) and my math professor. They do what other professors don't do and that's help you with what ever you need help with, whether it's home or classwork, projects, tests, and/or quizzes.

Titus 2:7-8 "Show yourself in all respects to be a model of good works, and in your teaching show integrity, dignity, and sound speech that cannot be condemned, so that an opponent may be put to

shame, having nothing evil to say about us.”
